I _____, a member / owner of Tri-County Electric Membership Corporation, am requesting service that will require Tri-County Electric employees to be on and cross over my property with heavy equipment. By placing my signature below I hereby authorize Tri-County Electric personnel to access my property with the necessary equipment to perform the service I have requested. I realize it is my responsibility to notify Tri-County Electric of the existence, and mark the location of, any underground facilities, including water lines and septic tanks. It is also my responsibility to determine if bridges are adequate to provide the safe passage of the equipment necessary to perform the service I have requested.

I hereby release Tri-County Electric Membership Corporation, and its employees, officers, directors, members and agents, from any and all claims for damages to any of my property, real or personal, that may result from the use of heavy equipment and large trucks in performing the service I have requested. I also agree to indemnify and hold harmless each of the above for any claims that may be made against any of them for such damages by any other persons.

I have read and fully understand the above statement.
